

14 September 2009

**Acquisition of Inca Holdings by Avisen Plc
Important Information for Infocube Customers**

We are pleased to announce that Inca Holdings Ltd has been successfully acquired by Avisen PLC, a leading global Corporate Performance Management (CPM) consulting and strategic advisory business. Avisen Plc is listed on the AIM London market.

The acquisition includes the businesses of both Inca Software Ltd (a leading IBM Cognos reseller business) and Inca Technology Ltd (the authors and providers of the mid-market planning application, Inca Planning).

Inca have been the UK's leading partner for IBM Cognos for the last 6 consecutive years and we are delighted that we now have the opportunity to combine the Inca and Infocube businesses to become the largest IBM Cognos partner in the UK, strengthening our position as the partner of choice for our combined customer base, providing a strong link with IBM and access to a larger team of professional service consultants who now form the most experienced Performance Management services team in the UK.

Following the Infocube announcement of the merger with Avisen Plc in June 2009, the acquisition of Inca now completes our offerings around the Cognos CPM suite for BI, Budgeting, Planning and Forecasting, Consultancy, Support and Training.

Going forward, all IBM Cognos business will be transacted and managed under the dominant 'Inca' brand. Over the coming weeks, you will notice that staff will move to new email addresses (firstname.lastname@incasoftware.co.uk) and our Infocube website will be incorporated within the Inca website.

Customer account management structures will also change and your new Inca representative will be in touch shortly. I would urge you to meet with them to understand the offerings of the larger group and to discuss your immediate and longer term requirements.

The Infocube Helpdesk will be moved to the larger Inca Helpdesk giving clients greater coverage and improved responsiveness to issues. IBM Cognos Support Renewals will migrate to Inca at the annual renewal date and new licence and services contracts will be based on Inca contracts from the date of this letter.

We are very excited by the opportunity that this acquisition presents to both our business and customers and are confident that you will continue to receive the same high level of customer service and relationship that you have previously enjoyed from Infocube.

If you have any questions or concerns, please feel free to contact me directly on 01784 270 860.

Finally, I would like to take this opportunity to thank you for your continued support.

Yours sincerely

Ian Stone
Group Sales Director, Avisen Plc
